Redistribution Campus Wide Electric Load

Project 2433109

Request for Proposal

Please provide a construction cost proposal no later than September 21, 2026, 2:00 PM, for the work indicated in the specifications and drawings both dated February 14, 2025. The Smithsonian reserves the right to request all estimates from subcontractors, suppliers and the prime contractor supported by back up documents showing man-hours, wage rates, material quantities, and material unit costs. The proposal must be in compliance with the Davis-Bacon Wage Act.

A site visit will be scheduled, notification will be sent via email. Tanner Smith will be the POC on this project.

The proposed prices will be evaluated for reasonableness. Price reasonableness determines whether an Offeror's price is too high or too low. Analysis of price proposals will be performed using one or more of the techniques defined in FAR 15.404 in order to determine price reasonableness. The Smithsonian Institution reserves the right, in accordance with the regulations governing this request for proposal, to reject offers that are deemed to reflect an unrealistic price, suggesting a lack of understanding of the complexity and risks associated with the contract requirements. Award of this project is contingent upon the availability of funding and will be at the discretion of the Contracting Officer.

Submit your proposal via email to Jo-Ann Romano romanoj@si.edu and Scott Pospiech pospiechs@si.edu.

Sincerely,

Josh Shaw

Deputy Director
